## Innocent Paw Paw Man Has Problem Keeping Name Clear

BY JERRY KRIEGER  
County-Farm Editor

Fifth district court records incorrectly identified a man who pleaded guilty Tuesday to driving under the influence of intoxicants as a James Dean Foster, of 2121 Brownwood, Paw Paw, according to Benton Harbor City Attorney Samuel Henderson.

The Foster name, in turn, was erroneously used in this newspaper in connection with the case.

According to Henderson, the defendant's correct name was Eugene L. Cross, also of Paw Paw.

Henderson explained Benton Harbor police arrested a man last Oct. 31 on the drunk driving

charge and the man gave police the name of James Dean Foster.

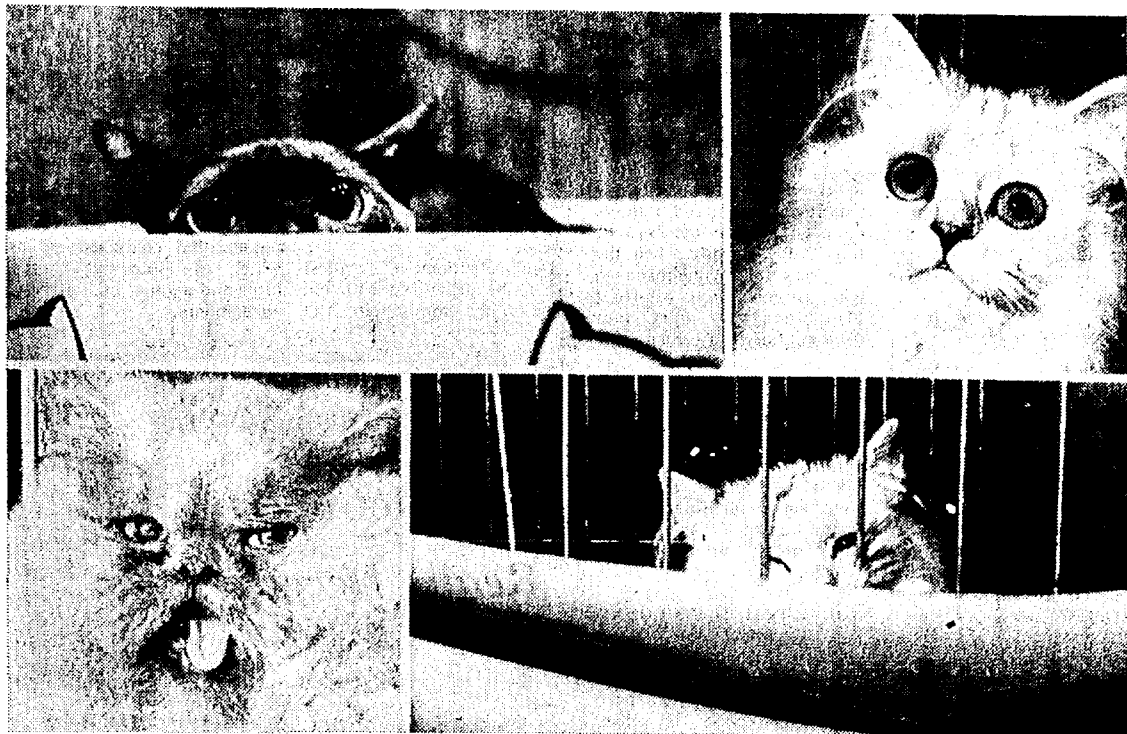

Subsequently, the real Foster, who had received a notice of the hearing in the mail, and Eugene Cross showed up for a pre-trial in court, each with an attorney. Foster quickly convinced the arresting officer and the court he was not the defendant. It came out then, Henderson said, that Cross had used the name of Foster, an acquaintance, at the time of the October arrest.

Cross also used the name of Foster when he pleaded guilty to an additional charge of driving

without an operator's license shortly after the arrest.

The trial notice was not changed, and the defendant was still identified as "James Dean Foster, also known as Eugene Lyle Cross" when Cross came into court Tuesday and pleaded to drunk driving and paid \$150.

The real Foster, who operates the James Foster Asphalt Paving business in the Paw Paw area, has spent \$150 in lawyer's fees to protect his name, and his lawyer is still seeking to get some points removed from Foster's driving record in Lansing for the no operator's license conviction.

**COME TO THE CAT ARRAY:** Four pairs of feline eyes seem to look to the prospect of winning a prize at the Empire Cat Show which opened in New York Friday.

But if the judges should pass them by, they still have their owners. (AP Wirephoto)

## Progress Reported In Peace Mechanics

SAIGON (AP) — Significant breakthroughs were reported today in carrying out the military and political provisions of the Vietnam cease-fire agreement, including plans for prisoner exchanges.

The International Commission of Control and Supervision announced that its seven regional teams would be in the field and operational Monday to investigate alleged cease-fire violations, nearly a week behind the schedule designated in the agreement.

In Paris, a South Vietnamese spokesman for the Saigon peace delegation said talks would begin very shortly with the Viet Cong on a political solution.

The agreement signed in Paris a week ago says: "The two South Vietnamese parties shall sign an agreement on the internal matters of South Vietnam as soon as possible and do their utmost to accomplish this within 90 days after the cease-fire comes into effect." The cease-fire officially began at 8 a.m. Saigon time last Sunday.

In a third major development, U.S. spokesmen disclosed that American, South Vietnamese, North Vietnamese and Viet Cong members of the subcommittee on captured persons of the four-party joint military commission met to plan for prisoner exchanges. The substance of the talks was not disclosed.

The peacekeeping developments overshadowed the fighting as thousands of Vietnamese celebrated the Tet lunar new

**HOME GROWN STARS:** Former southwestern Michigan basketball stars Chet Walker (25) and Kennedy McIntosh (40) battle for rebound during National Basketball Association game Friday night in Seattle, Wash. Both earned all-state honors while in high school. Walker was an alltime great for Benton Harbor high school and McIntosh was a standout at South Haven high school. The pair were teammates at Chicago when the season started, but McIntosh was traded to Seattle early in the season. Walker is in his 11th year in the NBA and McIntosh, who was drafted by Chicago last year, is playing his second season. Seattle won this game, 118-104. (AP Wirephoto)

## State Democrat Regulars Foil Wallacite Takeover

LANSING, Mich. (AP) — Michigan Democrats, victors in a gold rush-type registration race, have thwarted efforts by Alabama Gov. George Wallace's backers to claim the party name.

There was an apparent leak among Alabama Gov. George Wallace's backers in their attempt to wrest the name away from the Democratic regulars, Wallace supporters said.

When two Wallace backers walked into the Corporation Division of the Department of Commerce here at 8:15 a.m.

Friday to register the names "Michigan Democratic Party, Inc." and "Michigan Democratic State Central Committee," they found a regular Democratic party attorney, Tom Downs, there ahead of them, filling out the necessary forms to regain control of the names.

Downs arrived at 8:05.

Attorney James E. Wells, representing Wallace backers, said he learned the names had not been registered while preparing a lawsuit against the party.

All Jack Jensen and Phil Lee,

both Michigan Wallace delegates at the National Democratic Convention, could do was register the names "The Conservative Michigan Democratic Party, Inc." and "The Conservative State Democratic State Central Committee."

But a court fight could develop over the names Jensen and Lee registered, a state official said, because of possible confusion caused by their similarity.

But Jensen, a Detroit policeman, still thinks the Wallace faction has won at least a moral

victory.

"The Democratic party of Michigan came within a hairbreadth of losing its party name," he said, adding they were "extremely negligent in letting us get that close."

"It's amazing that a couple little guys like us came so close to shaking them up."

While Wallace supporters were still thinking they would get control of the name, they promised they'd give it back to the regular Democrats if the

## Jungle Marriage Irks Indonesian Officials

JAKARTA, Indonesia (AP) — The Department of Social Affairs has called for an official investigation of Wyn Sargent, the American anthropologist who married the chief of a Stone Age tribe in a West Irian jungle.

A statement by the department charged that Miss Sargent married Chief Obaharok to make him a human guinea pig to satisfy her adventurous nature in her research on the sex life of the Mulia tribespeople, who still live like their ancestors did thousands of years ago.

Achmadi, director of social development, also told a news conference that Miss Sargent had shown disregard for Indonesian cultural values.

Miss Sargent was reported to have said she would shed her Western clothes and dress in the strings and straps of the natives after her marriage to Obaharok in the village of Muliam, 212 miles east of the muddy town of

Wamena in the heart of West Irian.

"If Miss Sargent sheds her clothes then her method of approach to the tribes is not correct," the department's statement said.

The government is spending \$720,000 on a two-year program, to be completed by the end of this year, to civilize the West Irian tribes by clothing them and teaching them to speak, read and write Indonesian.

Achmadi contended that Miss Sargent had harmed this program.

His department's statement added that the government looks upon Chief Obaharok as important to the success of the program, and that Miss Sargent had broken the link between the government and the West Irian tribes.

The 42-year-old explorer and journalist from Huntington Beach, Calif., who has a teenage son from her marriage to a pilot who was killed in an air ac-

WYN SARGENT  
Studying sex life

cident, married Obaharok on Jan. 8. She paid a dowry of 11 pigs and five sets of native headbands.

Some high-ranking officials say Miss Sargent may be asked to leave the country before she can complete her new book on the sex life of the Mulia tribe. Informed sources said her visa expired last December.

## Kelley Faces A Hair-Raiser

LANSING, Mich. (AP) — State Atty. Gen. Frank J. Kelley may be running head-on into some angry scissor-wielding cosmetologists who say they ought to be allowed to cut anyone's hair, male or female.

Lansing lobbyist Thomas J. Cleary says Kelley's written opinion made public Friday will trigger a storm of protest from the state's cosmetologists.

Cosmetologists style women's hair only.

Kelley's hair-raiser? It seems the attorney general maintained as constitutional a 42-year-old law that says cosmetologists cannot touch a hair on a man's or a boy's head.

The 1931 law says if you are a cosmetologist and you want to cut a man's hair, you have to get a barber's license first.

Kelley has some backers. The State Supreme Court and a previous attorney general came to the same conclusions on the

act, ruling it constitutional.

Cleary says Kelley could have an uprising on his hands, or at the very least a court challenge or pressure on the Legislature "to correct the law."

"The cosmetologists will rise up in arms," Cleary said.

"They feel they are being discriminated against."

Kelley made his opinion in a letter to State Sen. Jerome T. Hart, D-Saginaw.

There are 45,000 cosmetologists in Michigan. Licensed barbers are down to 9,800 statewide, nearly a 50 per cent cut in recent years.

Cleary said the opinion goes against those in other states. Kelley wrote Hart, "The statute is not so clearly arbitrary and capricious as to be unconstitutional."

### However You Figure It, It Does Seem Top-Heavy

It is regrettable that the faculty of Lake Michigan College usually issues public critiques of college operations only when the faculty union is negotiating, as now, for pay increases. If the air were clear of bargaining animosities, the public would not have to be suspicious of whether the faculty is throwing up a smoke screen to serve its own pecuniary interests.

Nevertheless, in its latest statement issued during the current deadlocked pay negotiations, the faculty has made a point worthy of serious consideration. Charging that the two-year Berrien county junior college is already top-heavy with administrators, the faculty Thursday made public a unanimous motion opposing the appointment of two new administrators at the school.

LMC is reported in the process of accepting applications for candidates interested in two new dean of instruction posts. The faculty statement said:

"The two new appointments would bring the administrative staff of the college to a total of 30, while there are only 56 full-time instructors. A ratio of one administrator to every 1.9 full-time teachers borders on the incredible in this day and age of decreasing enrollments and financial accountability."

Not unexpectedly, the faculty has construed the figures to put the administration in the worst possible light. Still, even a friendlier construction suggests that LMC may, indeed, be top-heavy with administrators.

As nearly as this newspaper can determine, there are now 56 full-time teachers at LMC, with no other duties. There are also eight full-time instructors who receive an extra \$1,000 per year for

administrative duties in their department beyond their classroom activities. The college has 20 non-teaching administrators.

The faculty lumped the eight full-time teachers who perform extra administrative work in with the non-teaching administrators and came up with a total of 28 administrators. Adding the two administrators who may be hired, the faculty arrived at 30 administrators and 56 teachers. This gives the faculty's ratio of one administrator to every 1.9 teachers.

The more objective method of construing the figures would be to add the eight hybrid-teacher-administrators to the full-time teaching category. Presently, this would show 64 full-time teachers and 20 non-teaching administrators. The ratio of teachers to administrators would then be 3.2.

Assigning a fraction of the time of the eight teacher-administrators to administration could produce a ratio of perhaps one to three.

A ratio of one to three isn't as bad as one to 1.9 but it seems bad enough. With eight full-time teachers superintending their own departments, the taxpayer can easily wonder why one full-time administrator is needed for every three teachers.

Last week, this newspaper suggested editorially that when they average over \$15,000 apiece for a 36-week working year, LMC teachers don't need a pay increase. Well, they make a good point, too. It certainly doesn't seem that LMC needs any more administrators. Some taxpayers might even feel that the college could do with a few less than they have now.

### Now, 5 Months Of Viet Terror

WASHINGTON (NEA) — Recently captured North Vietnamese documents give a timetable for Hanoi's operations in South Vietnam in the five months following the signing of the truce.

First: Communist operatives throughout South Vietnam have been told that headquarters will not communicate with them for five months, precisely, after the accords are signed. You will receive no visits and no messages from the legal operatives and no instructions from headquarters during this period, these documents say, and therefore must rely on the instructions herewith delivered for your actions during that period. At the end of five months you will receive detailed instructions as to what you will do then.

Second: The Communist cadre in the South is to organize on their own initiative during these five months acts of terrorism, assassination, demonstrations and resistance aimed at destroying confidence in the government, thus preparing the stage for the countrywide operations which are to be outlined to them about July 1, 1973.

Third: Cadre are to foment incidents which will make it appear the Saigon government is breaking the accords, making certain these provocations are carried out in such a way that the truce teams are not aware of the causes, but do see the Saigon government's retaliation to what appears to be peaceful legitimate protest.

Fourth: Concrete examples are given of techniques to be used. One example will give the flavor of the provocations Hanoi has ordered its men to organize in the five months just ahead.

Demonstrations of protest are to be organized with old men and women in the

forefront. These protests are to center around genuine grievances. At the start, only ordinary citizens are to be involved, with emphasis on the old and helpless. Then gradually, you will add to these demonstrations young able-bodied men with chains, knives and sticks (clubs), the instructions say. Finally, as time goes on, you will add skilled cadre armed with guns.

The old are to be kept in the forefront. But the armed men will gradually escalate the demonstrations until they turn into riots. The riots will intensify until the police are provoked into retaliation. (Since the old men and women are to be kept in front, they will bear the brunt of the police shooting or clubbing.)

It is essential, the documents say, that events be timed so that an international truce commission team is at hand to see the police retaliation — so that the team will report and publicize police brutality and convince the world Saigon is breaking the terms of the agreement.

That is, Hanoi is planning a series of violent demonstrations carefully planned to create a chaotic atmosphere similar to Chicago at the time of the 1968 Democratic National Convention, only much intensified. The police are to be provoked beyond endurance. The "artillery" is to be well-organized and screened behind innocents. Public opinion is to be aroused against the police, as at Chicago.

As indicated in the timetable, these provocations, coupled with terrorism, sabotage and psychological warfare are to set the stage for some unidentified concerted action which is to follow five months after the signing of the truce agreements.

## GLANCING BACKWARDS

### EYEING MOVE TO DIXIE

—1 Year Ago—

The Clark Equipment company has made a preliminary study of moving half of its River street forging operation from Buchanan to Henderson, Kentucky, but no final plans have been made, according to a company official.

The long-rumored move is only a rumor at this time, said an officer of the company who declined use of his name. "We still hope production will improve in our Buchanan plant so the move will not be

necessary," said the official.

### WILLIAM WILSON HEAD'S UP DRIVE

—10 Years Ago—

Appointment of William F. Wilson, 51-year-old city manager of Buchanan, as executive manager of Operation Action — UP was announced today by sponsors of the movement designed to stimulate economic growth in Michigan's Upper peninsula.

Wilson will open offices in the Marquette Club Building at Marquette shortly after March 1. His compensation was not disclosed.

### YANKS BLAST NAZI EUROPE

—29 Years Ago—

Great forces of American heavy bombers lashed out at Nazi Europe for the seventh time in eight days today, battering objectives in western Germany after RAF Mosquitos struck at the same area last night.

The preliminary announcement gave no indication of the targets. Long-range American and allied fighters escorted the big bombers as they did yesterday when the attackers of Wilhelmshaven were given such air-tight protection that only four bombers failed to return.

### LEAVES SUNDAY

—39 Years Ago—

Miss Virginia McMullen is home from St. Mary's college in Notre Dame, Ind., where she has been teaching. She is to leave Sunday for Kalamazoo to become head of the speech department at Nazareth college.

### ADDITIONAL PLAYGROUND

—49 Years Ago—

The children of the Washington school will soon have a 66-foot additional space on which to play. The school board has purchased frontage on Court street.

### MASS MEETING

—59 Years Ago—

At a mass meeting in the Princess theater, nearly 200 citizens of Benton Harbor, representing all political parties, decided to unite in nominating a non-partisan city ticket for the April election.

### PATRIARCHS MEET

—83 Years Ago—

The Niles Avenue Patriarchs met Monday evening with B. L. Pixley and discussed fruit topics, the weather and items of interest in general. The next meeting will be held at the George Cummings home.

## EDITOR'S MAILBAG

### READER URGES ABORTION FIGHT

Editor,

Last fall the residents of Michigan voted against relaxation of our present abortion legislation. We defeated a proposal to allow social sanction of a heinous crime within our state. This should have resolved the issue.

But now seven men, thousands of miles from our homes, have negated our votes with a shocking decision on abortion. They stated the unborn were not legal persons despite the fact that they are certainly biologically human. Such a decision is arbitrary and absurd — how can there be a difference between legal life and life?

Abortion on demand will become a reality in this state unless you act NOW. You are not powerless to effect a change. Write to your representatives in Washington. Demand that they uphold their sworn duty and express the views of their constituents by voicing our disapproval of the Supreme Court ruling.

Nothing elaborate or lengthy is required. Just state your position and urge action. But do it now. Address your letters to your respective representative Congress of the United States, Washington 25 District of Columbia 20025. You can obtain the names of your elected officials by calling the county court house and requesting the County Clerk.

Again, write your letters NOW. Only 25 days from the date of ruling (January 21) are legislated between verbal statement and legal reality of a Supreme Court decision.

Mrs. D. Ken (Debra M.) Baer  
P.O. Box 41 State  
New Troy.

### EMPHASIS ON WRONG FOOT

Editor,  
Several reports have been issued recently which have stirred up heated rebuttals by public officials. These reports claim that "the business climate in Michigan" is driving "business" out of Michigan or is compelling "businessmen" to "close their doors." The implication has been that "what

will poor workers do then?" The emphasis is thus put on the wrong foot as it has been ever since there was an employing class and an employed class.

Instead of being constantly propagandized by the argument that "what would workers do if there were no employers," workers need to give a great deal of thought as to both how there could have been exploiting employers if there had been no exploitable workers and whether there is any longer a need for exploiting employers or an exploiting capitalist class.

Employees have done all the research, the designing, the tool making and have carried on all of the processes of production and distribution for a long time. All that they have had out of this has been a precarious living and an ever deteriorating environment. Yet, this social majority is the economic minority as things now stand since the employing class (a minority) makes all of the economic decisions on the basis of what makes profit for them. Politicians enact laws to assure that the majority must abide by the decisions of the capitalist minority.

If mankind is to survive and if all of us are to benefit from the knowledge and the

(See page 22, column 1)

## UN Mission To Probe Dispute

UNITED NATIONS, N.Y. (AP) — A four-nation mission of the U.N. Security Council was being formed at Zambia's request today to investigate the tense situation on the Zambian-Rhodesian border.

Council diplomats said it probably would consist of Austria, Indonesia, Peru and Sudan.

## BERRY'S WORLD

"But Sarge, I thought we were stopping ALL military activity in South Vietnam!"

## Quality And Quantity Of Voting Are Topics

When the polls closed on the November 1972 elections, most Americans—if they bothered to vote at all—promptly put all election matters out of their minds for at least the next several months and perhaps for as long as the next two years. Among those unable to enjoy that luxury were the people who made it all possible: state, county and city elections officials, who are under the general aegis of their respective secretaries of state. All over the nation, election employees and volunteers had to contend with an aggravating array of nuts-and-bolts voting problems which included overcrowded facilities, bewildered voters, illegible ballots, impervious punch cards, immovable levers, uncooperative computers, lost or stolen ballot boxes and other hassles, fiascos and snafus.

Somehow, candidates got elected anyway, from a President right down to the city dog-catcher. But to better prepare for future confusion, the National Association of Secretaries of State this weekend in New Orleans is sponsoring the first national conference ever devoted exclusively to the problems of elections. Secretaries of state and their top elections division administrators are talking over common difficulties and proposed solutions, including the special problems of absentee voter registration, nominating procedures, voter education pamphlets and election law reform. Also on the agenda is effective and uniform implementation of the 1970 Voting Rights Act amendments, which extended for five

years the 1965 ban on literacy tests and similar voter-qualification devices.

The conference chairman is Connecticut's secretary of state, Gloria Schaffer. "It's a very exciting development in elections administration because there's never been anything like it, to our knowledge, in the past," Connecticut elections Atty. Amalia Toro said. "It really should result in an improved election administration for the country." Many state legislatures now are considering new election legislation or drafting entirely new election codes.

The 93rd Congress also will take up numerous election law reform bills, including proposals to make election day a national holiday, require all polls to close at 11 p.m. EST, keep all polls open for a total of 24 hours within a two-day period, and allow voter registration by mail. Clearly, election laws and procedures can be improved. Most changes are aimed at boosting the country's notoriously low voter turnout, which in 1972 was estimated at a dismal 55 per cent of the voting age population.

## Holes The Same

The Swiss appear to have resolved their cheese crisis, although it could foam up again. The trouble began four years ago when too much of the cheese with holes was produced. The government limited the quantity of milk which could be used in the cheese making process.

This resulted in fewer milk cows, and about two years ago a shortage developed in one of Switzerland's favorite exports. Milk producers began looking for alternate markets for their product and the cheese picture became more randy.

Aged Swiss cheese now is again available for export in sufficient quantity to satisfy the demand. As for the rumor producers were making the holes larger to conserve cheese, one had this assurance:

"Maybe somewhere else in the world where they make some industrial imitations and they regulate the size of the holes like automobile tires, but it's unthinkable in Switzerland."

## 'Bad Paper' Choking Cash Registers

### Area Merchants, Police Look For Way To Halt Increasing Number Of Hot Checks

By SCOTT WILLIAMSON  
Staff Writer

To say there are a lot of bad checks passed in the Twin Cities area is kind of like saying it gets dark at night. It's obvious. And yet the problem of bad checks, and collecting from the parties

involved, is ever increasing, according to Twin Cities area police and local merchants.

Not all bad checks are passed deliberately, however. In some cases, it's miscalculation that produces non-sufficient funds (NSF) checks. A person may write a check and not have

enough money in the account to cover the purchase, as frequently happens.

But the reverse is true, too. There's simply a lot of "bad paper" floating around, according to some police sources.

Police, merchants, and even the banks, agree there is no

simple, clear cut solution to solving the problem.

Some of the smaller businesses in Benton Harbor, mostly grocery stores, refuse to cash checks, period.

Others will cash checks for people they know, or, as one grocery store operator says:

"For people I've personally known for 36 years."

Reluctance of some stores to cash checks puts women on the spot. Many hesitate to carry enough money to cover the cost of a shopping expedition because of fear of purse snatchers.

The large retail outlets in Benton Harbor — K-Mart, Shoppers Fair, and Sears, get the most bad checks.

A spokesman for K-Mart said the Benton Harbor store annually receives between \$7,000-\$9,000 worth of bad checks, but quickly adds that they usually recover about 95 per cent of the money.

"We use every legal method we can to apprehend the offenders," he says, "and we go after everybody that passes a bad check, no matter how small."

The other stores agree that their losses annually are "sizeable."

Although check cashing practices vary, most merchants require some proof of identification, usually a driver's license. Most stores prefer to cash checks drawn on local banks, and some merchants will not cash checks from out of state or outside a 35-mile radius from the Twin Cities.

A practice now used by many large turnover businesses is issuing a check-cashing card to the customer. Many of the chain stores, including A & P, National, and Shoppers Fair, issue such cards.

When a customer cashes his first check at Shoppers Fair, a quick credit check is run on him, a spokesman explains. If the credit check is ok, then the person is immediately issued the card, and shows that at the time of the next purchase with a check.

In some stores, customers' checks are about as common as cash. A few supermarkets have recognized the trend toward checks and installed check-writing stands for convenience. This beats bending over a checkout counter and helps the cashier by expediting the transaction.

Banks, too, are concerned about the bad check. One reason is for the bad image a bank can acquire when their depositors cash bad checks, and another is simply the headaches and hassles involved in straightening out the problem.

Most banks require a minimum deposit to open a checking account. Farmers and Merchants bank requires a \$100 minimum, while Inter-City bank (ICB) requires a \$50 minimum.

But these are really only stop-gap measures, an ICB spokesman says, as persons can still go on a check-writing spree.

ICB about a year ago started a new policy, which, bank officials say, seems to be working well.

"We determined that bad checks were such a serious problem," says James Murphy, executive vice president, "that we now run a credit check on every person and business that opens an account at ICB."

"And it's made a tremendous difference. A person opens his account with the \$50 minimum, and then the credit check is run."

"If the check returns negative (bad credit rating) we return the deposit," Murphy says.

Murphy notes the customer acceptance to the plan is good, since most people realize the purpose of the credit check.

But bad check complaints still flow. The Berrien Sheriff's department says it received 20-30 bad check complaints a week, but can only accept about 11 a week to investigate, because of the case load.

The problem of bad checks is clear.

The solution is hazy.

CONVENIENCE: Some Twin City area stores recognize that customer checks are large part of their gross and have installed check-writing stands with pens and calendars for customers' convenience. Mrs. Marlene Mead, office manager, Findling & Associates,

St. Joseph, writes check at Wohler's IGA, while Mrs. Dorothy Priefer, cashier, awaits payment. Mrs. Mead says she uses checks for virtually all purchases. (Staff photo)

### Benton Patio Project

## Landscape Wins Award

A Benton township couple's landscaping project has won a Michigan Association of Nurserymen (MAN) annual landscape award for residential homes.

Awards will go to the homeowners, Dr. and Mrs. Charles Duncan, 1612 Park Drive; the landscape designer, Paul E. Lower, Jr., of Benton Harbor, and the contractor, R.W. Emlog Landscaping, Inc., St. Joseph.

Seven landscaping projects will be recognized with awards at MAN's 51st annual convention on Feb. 6-8 at Troy, Michigan. Mrs. Clifton R. Wharton, Jr., wife of the president of Michigan State University, will present the winner plaques, according to MAN officials.

Emlog stated that the landscape project began as a patio development on the lake side of the Duncan's home, adjacent to the living room. He said Mrs. Duncan wanted the patio to have a "New Orleans look." They wanted the addition to have year-around appeal and it could not interfere with their view of Lake Michigan.

Lower decided to use old paving brick, weathered rail road ties, wrought iron railings anchored to brick pillars, broad-leaved evergreens, yews and ornamental trees to achieve the

"New Orleans" look and feel.

Usually, broadleaves need to be protected from the winter winds, but Lower explained why these could be used at the Duncan residence.

He said the home sits atop a steep bluff overlooking the lake. Winds off the lake strike the bluff and are deflected upward. The winds wash above the Duncan home, leaving it in a pocket of relatively still air.

The Duncans were pleased with the patio and decided to have the front of their house, which faces away from the lake, landscaped. The same kind of materials were used to landscape the front, plus a three-tiered fountain.

The last phase of the project was a walkway around the house to connect the entrance court in front to the patio in back. Also, a cable car was installed behind the house leading to the beach.

Emlog stated that 15-20 kinds of plants and shrubs were used in the design. Among these are azaleas, yews, hawthorn, hemlock, boxwood hedges, pachysandra, myrtle, rhododendrons and white dogwood.

PATIO VIEW: Photo taken last summer shows landscaped patio at lakefront home of Dr. and Mrs. Charles Duncan, north of Twin Cities. Landscaping project has been selected for state award by Michigan Association

of Nurserymen. Wrought iron fence, brick walks and broadleaved evergreens helped achieve "New Orleans" atmosphere without hindering view of Lake Michigan, off photo to left. (Ames Associates photo).

WASHINGTON VISITOR: Kathy Krohn, 17, daughter of Mr. and Mrs. C.M. Krohn, 1568 North Bonnie Bruce drive, Stevensville, visited Congressman Edward Hutchinson during a visit to the nation's capitol recently. Winner of the Michigan Sheep Council's "Make It Yourself With Wool" competition, Kathy participated in the finals of the national competition in Washington, Jan. 23, and won a \$50 U.S. Savings Bond, which was presented by the American Wool Council. The national competition was open to young people from every state.

## Stevensville Will Terminate Present Garbage Contract

By CURT BARTON  
Staff Writer

Arthur Kasewurm, Stevensville village president, said yesterday the village plans on terminating its contract with a private refuse collection firm now serving the village when the village launches its own pick-up service in April.

Kasewurm said the village council instructed Thomas Adams, village attorney, to notify Harvie Luttrell, operator of the present service, of the decision.

According to Kasewurm, the village's position is that the Luttrell firm had not met requirements of the contract, thereby voiding it.

The contract would have expired in September. Luttrell receives \$1 a stop, or about \$380 monthly, for making once-a-week pick-ups at village residences and businesses.

Village plans to launch the service were cemented Tuesday night when council approved purchase of a reconditioned collection truck for use by village employees.

Action stemmed, in part,

from complaints received against the present pick-up service. According to Kasewurm, the village contends Luttrell did not make pick-ups on designated days, did not pick-up specified amounts and did not publish rates being charged for amounts of refuse being picked up, over the stipulated amount.

Kasewurm said Luttrell will be notified that his services will be needed for only two months longer.

Luttrell yesterday denied not living up to his contract with Stevensville, and said he does not think the village can get out of the contract.

"I have fulfilled the terms of the contract as it was bid," Luttrell said. He said he bid on picking up three containers at each stop, but the village wants him to pick up everything that is put out, regardless of how much of it there is.

Commercial users were to pay him extra, he said, but many, with backing from the village council, refuse to.

"As far as them just dropping the contract, I don't think

they can," Luttrell said. He said he intends to consult his attorney, and expects a settlement if the village wants out of the contract.

The village expects delivery of its truck in six weeks, according to Kasewurm. The truck is being purchased from Bell Equipment, Troy, for \$3,680.

The truck is currently being used by Rosewood, a community near Detroit. It is to be reconditioned by Bell.

Plans are for Richard Beck, village street administrator, and Gary White, village street employee and mechanic, to perform once-weekly pickups with the truck, Kasewurm said.

He said they will pick up from residences one day and from businesses another. The days have not yet been specified.

Residents will not be charged directly for the service, which will be paid for from village funds. Luttrell's service is also paid for from village funds. Kasewurm said the village expects to save money by operating its own truck.

## Native Of Hawaii Joins Staff At Mercy Hospital

DR. THOMAS MIYATA

Benton Harbor Mercy hospital has announced the appointment to its staff of Dr. Thomas O. Miyata, 32, who has completed residency at Cook county hospital, Chicago.

Dr. Miyata, who trained in general, vascular and thoracic surgery, also is associated with the Twin Cities Medical Clinic

of Southwestern Michigan, Professional Corp. with offices at 645 Riverview drive, Benton Harbor.

A native of Hawaii, Dr. Miyata is a graduate of the University of Michigan medical school. He is qualified for the American Board of Surgery, Mercy hospital

reported. Dr. Miyata is married and the couple has an infant daughter. The family residence is 2248 Ann drive, St. Joseph.

## Tigers May Wear Crowns Instead Of Caps

BY JIM DELAND  
Sports Editor

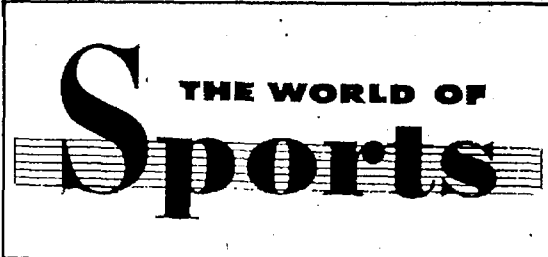

Benton Harbor's Tigers came out wearing caps and departed looking like they should be wearing crowns.

Coach Earl McKee's defending Lake Michigan Athletic Conference champions looked every bit the part Friday night with another brilliant shooting performance that carried them to a crushing 93-65 victory over Mona Shores before a delighted audience at the Colfax gym.

The victory avenges an earlier 94-75 loss to Mona

Shores — a spread of 48 points between the two games — and keeps the Tigers tied for first place in the LMAC standings with Muskegon, which defeated

Grand Haven 71-57 last night. It was also the eighth straight triumph for the Tigers, who stand 9-4 for the season and 6-1 in the LMAC.

"We needed this one," McKee beamed after the game. "Now we know we can go out and play when we have to. The kids were tight there at the start, but once they got going they were okay. This should help us the rest of the way."

"Earl's got his team moving — no doubt about that," agreed Mona Shores coach Howard Clark. "They were hot, weren't they? We tried everything we could think of and still couldn't stop them."

"Wooden (Anthony) I thought was sensational. We were all over him and he still

got the shots. Tom Lakos did a good job on him at the start, but then he got to work on the boards. He's just a tremendous ball player."

Wooden, the LMAC's leading scorer, finished the game with a season-high total of 28 points and was positively devastating in the second and fourth quarters when he poured in 10 and 13 points.

Guards Gary Phillips and Jettie Rice added 16 and 14 points respectively — mostly on the payoff end of the Tigers' fast break — while center David

Adkins scored 10 points, all in the first half.

Even substitutes Craig and Kerry Dudley, Andrew Atterberry and James Childs got into the act in the second half as the Tigers closed with a burst of 33 points in the final quarter, hitting 14 of 21 shots.

Jeff Mack led Mona Shores with 18 points while Scott Volkman scored 17 and Tom Lakos 11, but the Sailors' leading scorer — 6-foot-7 center Mark Rayner — was overpowered by the Tigers and held to just eight points.

Shooting charts told the story of the game as Benton Harbor penetrated the Sailors' various defenses for good shots and sank 41 of 69 for a superb .594 average.

Mona Shores capitalized on 36 Benton Harbor turnovers to get off 20 more shots, but could hit only 29 for a .326 average. Bob Melrose, who scored 29 points against Benton Harbor in their first meeting, hit only 3 of 18 shots while scoring just six points.

"I thought we had some good shots, but we just couldn't

make them," Clark said, "and we missed some layups at crucial times. One time we had four-on-one and didn't score and then another time Rice made a super play to stop a sure basket."

Rice also contributed an absolutely demoralizing assist on a fast break pass to Phillips during a string of 11 straight points early in the fourth quarter that served as the Tigers' knockout punch.

## Bears Lose Scheffler, Coach Gaunder, Game

By JOHN VANDEN HEEDIC  
Staff Sports Writer

St. Joseph lost scoring ace Tom Scheffler, coach George Gaunder and the game, in that order, Friday night.

Scheffler fouled out for the first time this season one minute into the last quarter. Gaunder protested the call vehemently enough to get thrown out and Niles went on to post an 80-66 upset Big Six victory in the Bear gym.

St. Joe had blown a 11-point second period lead but was battling back from an eight-point third quarter deficit when Scheffler was called for his fifth foul at the 7:04 mark of

the final frame with Niles leading 55-54.

Scheffler was standing still in the middle of St. Joe's zone defense, but referee Gene Robinson ruled that the 6-9 Bear center tripped Viking Carl Dungey as he drove toward the basket.

St. Joe fans let loose with a chorus of boos and Gaunder signaled time out to talk to Robinson. And before it was over, Robinson had flashed the T sign (technical foul) three times and banished Gaunder from the gym.

Mild-mannered Gaunder, who was ejected for the very first time in a coaching career

stretching back to 1951, said afterwards that the first technical came for asking what the foul was for, the second for declaring (Niles coach Dean) "Adams must have gotten to you at halftime" and the third for saying "thanks."

The loss of Scheffler's scoring and rebounding power undoubtedly spelled defeat for St. Joe, but there was no denying the sharpshooting of Niles junior guard Bill Weaver. He was a thorn for the Bear defense all night while swishing 14 of 22 shots, mostly outside jumpers, for a career-high 38 points.

Carl Dungey added 16 points

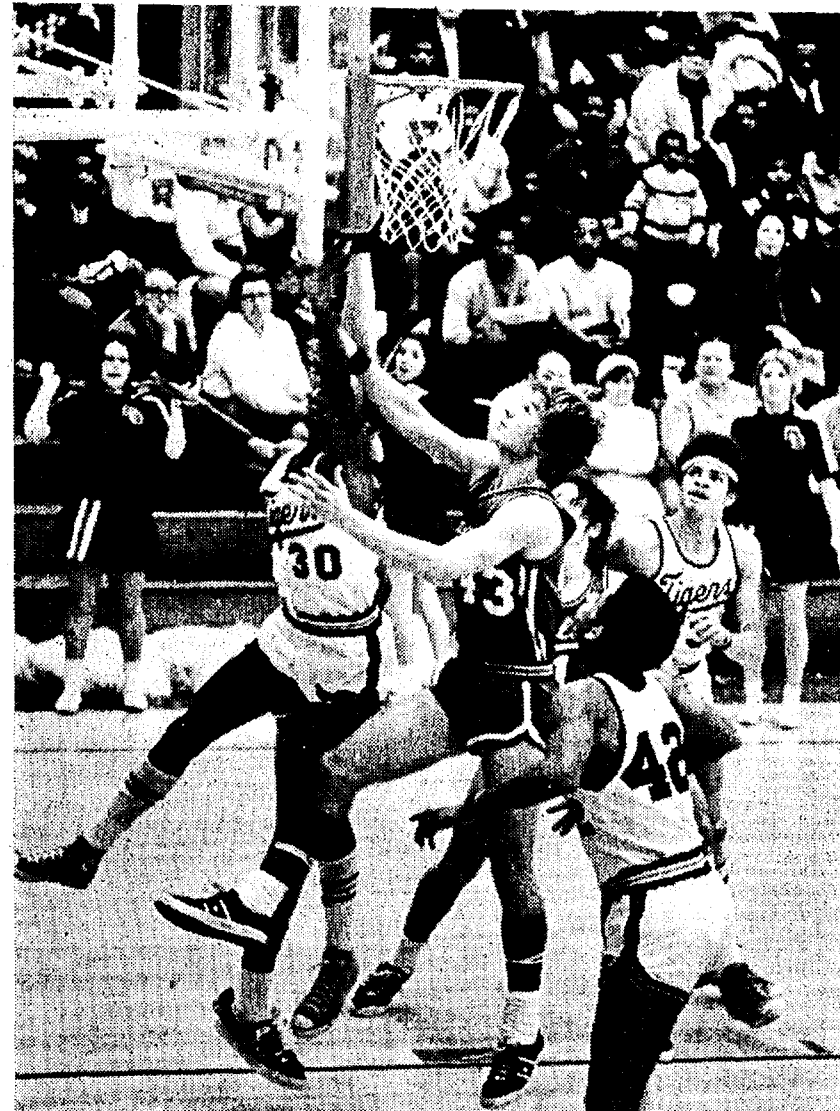

and Dave Schelkner 14 as the Vikings avenged a 78-66 loss to St. Joe back in December.

Scheffler still finished as the leading St. Joe scorer with 25. Dan Griswold came through with 16 and Rick Cerecke tallied 12.

Scheffler scored 16 points in the first quarter against Niles' man-to-man defense as the Bears jumped off to a 21-16 lead.

"We weren't boxing him out," noted Viking coach Dean Adams. "We wanted to front him and swing a guy behind him."

St. Joe built its biggest leads of the game in the second quarter at 27-16 and 31-20 before the tempo picked up and the tide started to turn in Niles favor.

FLIPPING IT IN: Benton Harbor's Andrew Atterberry (30) flips layup past Scott Volkman (43) of Mona Shores as teammates Craig Dudley (42) and David Adkins (rear) watch during second half of Friday night's game. Benton Harbor won 93-65 to retain share of first place in Lake Michigan Athletic Conference. (Staff photo by Pete Mitchell)

The Sailors switched from a man-to-man defense into a zone and used a couple different presses, but couldn't offset the Tigers' shooting superiority and 50-35 domination of the boards with Wooden pulling down 15 rebounds and Adkins 11.

"Michigan State wore hats like that when we saw them play Michigan," McKee explained of the Tigers' pre-game garb, "and it's been worrying the kids ever since. I guess it's supposed to be cool...but you'd think it would be hot."

Whatever the reason, the Tigers were too hot for Mona Shores, which is now virtually out of the LMAC race with a 4-3 conference record. Overall the Sailors are 8-5.

Mona Shores did gain a measure of satisfaction by winning the junior varsity game 66-61 — the second time the Sailors have beaten the Tiger Cubs, who missed Napoleon Redmon because of academic reasons.

Jerry Williams and Carl Jeffries scored 18 points apiece for the Tigers, who now are also 9-4 for the season.

## Chiefs No Solo Act Wilson Slowed, Not Dowagiac

KALAMAZOO — Dowagiac demonstrated it wasn't a one-man team in toppling Kalamazoo Loy Norrix 79-61 in a Big Six game here Friday night.

All-star Edgar Wilson, southwestern Michigan's leading scorer going into the game with a 26.8 average, got into early foul trouble and finished with just 12 points, but his teammates more than took up the slack.

John Singer tallied 21, Mark Manley 19 and Otis Hill 10 as Dowagiac, ranked second in this week's Associated Press Class B poll, ran its winning streak to 16 in a row.

Loy Norrix got 17 points from Paul Buckman, 15 from Jack Kelley and 11 from Marcus Ezell while losing its eighth straight game to the Chiefs.

The Knights fell to the undefeated Big Six leaders 70-38 earlier this season.

Dowagiac opened Friday night's game by hitting its first seven shots for a 14-0 lead. Norrix didn't score until Mike Labus hit a free throw with 1:09 left in the first period to make the score 14-1.

But the free throw was the result of the third foul on Wilson. The 6-5 Dowagiac forward went to the bench and the Chiefs went on to post a 21-7 advantage at the end of the period.

Norrix came back to cut the advantage to 32-28 at halftime. Dowagiac widened their edge to 50-43 in the third quarter with Wilson spending all but about two minutes of the bench.

Wilson started the fourth

quarter and netted eight points in the frame before fouling out. Dowagiac outscored their hosts 29-18 in the period.

Dowagiac, which has now scored more than 65 points in 13 straight games and allowed 65 or less in four in a row, stands 7-0 in the Big Six and 16-0 overall. Loy Norrix is 1-6 in the league and 5-10 on the season.

## Lancers Riddle Buchanan New Half-Court Zone Press Devastating

Lakeshore's basketball team rolled out its secret weapon and riddled Buchanan with a near-record fusillade of points Friday night.

Cashing in on a devastating half-court zone press — a defense they were using for the first time this season — coach Lloyd MacTavish's Lancers machine-gunned the Bucks 106-58 to retain sole possession of first place in the Blossomland conference basketball race.

"We really put it together tonight," said a delighted MacTavish. "We've been practicing the half-court defense all year, but we've never used it before."

Buchanan would have been just as happy if the Lancers hadn't used it last night. The Bucks were trailing 9-0 before they could even get off a shot as Lakeshore forward Marty Craig scored seven points in the first 40 seconds.

Guard Rick Farrow was the chief beneficiary of the pressing defense that saw the Lancers streak to a 34-13 lead in the first quarter and a 57-23 halftime buge.

Farrow had 22 points in the first half — only one less than the entire Buchanan team — as the Lancers scored 26 points on outright layups, a majority off their fast break.

By the time the evening was over, the Lancers had stolen the ball 23 times and also swept off 70 rebounds to completely dominate every phase of the game.

Lakeshore's big men — center Charlie Shafer and forward Steve Palmer — both sat out the entire second half and Farrow played less than three minutes in the third quarter, but the Lancers still kept up the bombardment with a brigade of substitutes providing 41 points.

"When we start breathing close to 100, my second string gets hungry," said MacTavish.

"It turns the kids on...and unlike (Brandywine coach) Dave Rose, I don't think it's the kiss of death."

"The big thing was our fast break — it was like you put it down on a chalkboard. It was just beautiful."

The Lancers bombed the nets with 96 shots and hit the mark on 44 for a .458 average that was diluted during the second

half and they also sank 18 of 32 free throws.

Farrow finished the game with 22 points and Craig got 21 while substitute Chuck Hoge had 14 points and 10 rebounds. Shafer scored only nine points but had 16 rebounds and blocked six shots, one a spectacular swat that MacTavish called a "total reject."

Guard Steve Glossinger scored 21 points for Buchanan and forward Bill Carson added 13, but the rest of the team could add only 24 more points combined.

Buchanan now is 3-11 for the season and remains tied for last place in the Blossomland standings with a 2-7 league record.

Lakeshore also won the junior varsity game 80-75 with Marty Mason scoring 27 points while Craig Andrews and Mike Knapp tallied 12 apiece.

Ken Garrett was high for Buchanan with 20 points, followed by Willie Brown with 16 and Joe Marazita and Dan Kreeger with 14 apiece.

The victory snaps a four-game losing streak for the Roadrunners and gives them a 5-6 record in the Western Division of the MCCA.

Overall, they have a 7-14 record to take into tonight's home game against Genesee.

SMC (84)                      Muckogen (79)

Sparked by center Gary Shafer and substitute Rich Fowler, coach Jim Tansy's team wiped out a four-point halftime deficit and fought off a closing Muskegon threat to gain revenge for an earlier loss to the Jayhawks.

Shafer, a 6-foot-4 freshman from Niles, scored 14 points in the second-half charge and the 6-foot-6 Fowler added 13 more.

Shafer finished the night with 22 points to take scoring honors for both teams while Dennis Bell had 19, Fowler 17 and Roy Stewart 16.

Sam Riley was high for Muskegon with 15 points, with

# Two Ask Exams, 15 Sentenced In District Court

Two persons demanded examinations and 15 were sentenced Friday in Berrien Fifth District court action.

Demanding examinations on charges of welfare fraud were Tom W. Edwards, 37, and Barbara Jean Edwards, 32, both of 5806 George street, Stevensville. Both were released on \$500 bond each. They are accused of obtaining over \$500 in ADC payments illegally from Feb. 25, 1972 through Jan. 25, 1973.

The following persons have been sentenced in Fifth District court action:

Jimmy Lee Hurse, 18, of Benton Harbor, 180 days in jail for aggravated assault of three inmates in the Berrien county jail, Jan. 15.

Ronald Dee Wycoff, 18, of 1316 Superior street, Benton Harbor, 45 days in jail for attempted petty larceny reduced from larceny under \$100. He was accused of stealing \$2 from Wendell Hill, Oct. 17, at Lake Michigan Catholic high school.

Fred C. Arivett, 44, of Baroda, fine and costs of \$120 for petty larceny involving the theft of a key chain from Shopper's Fair.

Dorothy Ann Ellis, 17, of 1281 East Main street, Benton Harbor, fine and costs of \$120 for petty larceny involving the theft of six pairs of socks from K-Mart.

John G. Black, 19, of Route 1, Sawyer, fine and costs of \$120 for petty larceny involving the theft of four coil spring boosters and a spark plug tester from Shopper's Fair.

Kenneth J. Hughes, 22, of 728 Thresher, Benton Harbor, fine and costs of \$80 for petty larceny involving the theft of hamburger from Hilltop Foods. Arby G. Cobb, 32, of Route 2, Coloma, fine and costs of \$200

plus two years probation for assault and battery against Donald Marler in Hagar township, Sept. 3.

Marler filed a \$22,000 civil suit against Cobb this week in Berrien circuit court as a result of the incident.

Adam D. Thomas, 18, of Detroit, fine and costs of \$61 for hitch hiking on a freeway.

Sidney Johnson, 44, of 790 Broadway, Benton Harbor, 180 days in jail for his second offense of driving under the influence of intoxicants. He was given credit for time served.

Charles R. Brown, 27, of Eau Claire, 30 days in jail plus fine and costs of \$100 for embezzlement of three upright sweepers from Kirby Co., of Benton Harbor.

George Gordy, 25, of Route 1, Baroda, 180 days in jail for his second offense of driving under the influence of intoxicants and fine and costs of \$105 or 30 days in jail for his second offense of driving without an operators license. He was given credit for time already served.

Otis Wright, 24, of 706 Colfax avenue, Benton Harbor, one year probation for simple assault against Francis Baker in Benton Harbor, Jan. 3.

Donald R. Manning, 33, of 1986 Hatch street, Benton Harbor, 90 days in jail for driving under the influence of intoxicants involving an accident. He was given credit for time already served.

Michael E. Schneider, 17, of 1869 Clearwood drive, Stevensville, fine and costs of \$60 for reckless driving.

Liz Jackson, 23, of 316 Colby street, Benton Harbor, fine and costs of \$50 for assault and battery against Mary Lee Campbell in Benton Harbor, Jan. 6.

## He Did His Job Very Well

WELLINGTON (AP) — Fifty thousand daughters of the late Ridge Lee Master Owl are living in New Zealand, and perhaps not surprisingly his friends are claiming old Ridge Lee was a world beater.

The poor old fellow died recently, seven years after joining the New Zealand Dairy Board's pedigree Jersey bull team of sires.

### LEGAL NOTICES

Synopsis of the Minutes Regular St. Joseph Township Board Meeting — January 15, 1973

The following actions were taken by the board:

1. Authorized the clerk to sign an audit agreement with Seidman and Seidman to audit the financial records of St. Joseph Township.

2. Presented a special letter of commendation to Mr. Arthur Benford, past chairman of the Parks Board.

3. Authorized the treasurer to invest \$35,864.00, the amount of federal shared revenue, in certificates of deposit.

4. Established the holiday schedule for the office staff allowing 10½ paid holidays for 1973.

5. Authorized distribution of taxes in the amount of \$550,192.66.

6. Approved payment of bills totaling \$28,566.17.

7. Announced that February 27, 1973 at 7:30 p.m. would be the date of the public hearing on the proposed annexation attempt by the City of St. Joseph of portions of St. Joseph Township.

The next regularly scheduled meeting will be held on February 5, 1973.

Bill Payne Smith  
St. Joseph Township Clerk  
Feb. 3, 1973 N.P. & H.P. Adv.

### CHAPTER 24 — AMBULANCES

An ordinance to regulate the licensing and operation of ambulances.

The City of St. Joseph ordains:

#### SECTION 1

There is hereby added to the Code of Ordinances of the City of St. Joseph, Michigan, a new chapter to be known as Title II, Chapter 24, to read as follows:

#### CHAPTER 24

24.01. Definitions. (a) Ambulance: Unless otherwise specified, the term "Ambulance" means any privately or publicly-owned motor vehicle that is specially designed or constructed and equipped, and is intended to be used for and is maintained or operated for the transportation of patients, including funeral coaches or hearses which otherwise comply with the provisions of this Ordinance.

(b) Attendant. A trained and or qualified individual responsible for the operation of an ambulance, and the care of the patients, whether or not the attendant also serves as driver.

(c) Driver. An individual who drives an ambulance.

(d) Patient. An individual who is sick, injured, wounded, or otherwise incapacitated or helpless.

24.02. Necessity for License. No person shall own or operate an ambulance within the City of St. Joseph or engage in the business of transporting patients within the City of St. Joseph unless he holds a current license issued pursuant to this ordinance.

24.03. Application for License. Any person desiring a license to operate an ambulance in the City of St. Joseph shall file with the City Clerk a sworn application which shall contain the following information:

(a) Name and address of the applicant and the owner of the ambulance.

(b) Trade name, if any, under which the applicant does business or proposes to do business.

(c) The training and experience of the application in the transportation and care of patients.

(d) A description of each ambulance, including the make, model, year of manufacture, motor and chassis number; current state license number; the length of time the ambulance has been in use; and the distinguishing characteristics to be used to designate applicant's ambulance.

(e) Location and description of the place or places from which it is intended to operate.

(f) Such other information as the City Manager shall request.

24.04. Processing Applications. The City Clerk shall transmit each application for a license to the City Manager, who shall cause an investigation to be made of the character, fitness and qualifications of the person

applying for such license, and the fitness of the proposed ambulance for use as such. The City Manager shall thereupon transmit such application, together with his recommendation thereon, to the City Commission.

24.05. Requirements for License. If the City Commission shall determine that the person applying for such a license is a suitable person, and the ambulance proposed to be licensed is a suitable vehicle for such purpose, it may grant a license therefor, to be issued upon the filing of the policy of insurance hereinafter required. The City Commission may refuse to grant a license to any applicant when, in the judgment of the City Commission, there are a sufficient number of licensed ambulances to adequately serve the needs of the public in the City of St. Joseph.

24.06. Issuance of License. Licenses granted by the City Commission shall be issued by the City Clerk upon payment of the fees hereinafter required. PROVIDED that no license shall issue until the applicant has deposited with the City the policy of liability insurance hereinafter required and until the said policy has been found by the City Manager to comply with the terms of this ordinance.

24.07. License Fee. The owner of each ambulance for which a license is granted shall pay to the City such fee as the City Commission shall from time to time determine before a license therefor shall be issued. All licenses issued hereunder shall expire on the 31st day of May of each year.

24.08. Licenses Non-Transferable. Licenses issued hereunder shall be non-transferable. Any transfer or attempted transfer thereof to any other person shall automatically revoke the license.

24.09. Change of ownership. Change of ownership of or title to any ambulance shall automatically revoke the license previously granted for the operation of such ambulance and the purchaser thereof shall not operate such ambulance until he has applied for and obtained a license under the terms of this ordinance.

24.10. Suspension and Revocation of License. Licenses may be suspended or revoked by the City Commission at any time if the City Commission finds:

(a) The information contained in the application for license was false or misleading.

(b) The Commission finds that the owner or any person in his employ has failed to comply with any of the provisions of this ordinance.

(c) The Commission finds that the public welfare requires that the license be revoked or suspended.

(d) The owner shall cease to operate any ambulance for a period of 30 consecutive days without having obtained permission to cease operation from the City Commission.

24.11. Necessity for Insurance. No license shall be issued until the person applying therefor shall obtain and file with the City a policy of liability insurance issued by a responsible insurance company authorized to do business in the State of Michigan, providing insurance coverage for each ambulance for which a license is applied for.

24.12. Hazards to be Covered. Such policy of insurance shall insure the applicant against liability for personal injury or injuries to a passenger or to a member or members of the general public resulting from an accident or accidents in which such ambulances may be involved, as well as against any damage to property.

24.13. Limits of Liability. Such policy shall provide minimum insurance protection for each ambulance in the amount of Twenty Thousand Dollars (\$20,000.00) for injury to or death of one (1) person, and Fifty Thousand Dollars (\$50,000.00) for injury to or death of more than one (1) person resulting from a single accident; and Ten Thousand Dollars (\$10,000.00) for damage to property as a result of one (1) accident.

24.14. Liability to be Continuous. Such policy of insurance shall provide for continuing liability thereunder, to the full amount thereof, notwithstanding any recovery thereon, and that the insolvency or bankruptcy of the insured shall not release the insurance company.

24.15. Necessity for Notice of Cancellation, Surrender or Revocation. Such policy shall further provide that it shall not be cancelled, surrendered or revoked by either party except after five (5) days' written notice to the city of St. Joseph

furnished by the insurance company issuing such policy.

24.16. Cancellation, Surrender or Revocation. The cancellation, surrender or revocation of any insurance policy issued and filed with the City in compliance with this ordinance shall automatically terminate the licenses of all ambulances covered by such insurance policy unless another policy complying with this ordinance shall be in effect and deposited with the City of St. Joseph at the time of the cancellation or termination of said policy.

24.17. Report of Accidents. All accidents arising from or in connection with the operation of ambulances which result in death or injury to any person, or in damage to any property, shall be reported within twelve (12) hours from the time of occurrence to the Chief of Police of the City of St. Joseph.

24.18. Necessity for Compliance. It shall be unlawful for any person to operate, or cause or permit to be operated, any ambulance on the streets of the City of St. Joseph without having fully complied with the terms hereof.

SECTION 2  
This ordinance shall take effect ten (10) days after passage. Passed by the City Commission an approved this 29th day of January, 1973.

Franklin H. Smith  
Mayor

Mr. Hanley, seconded by Mr. Tobias, moved approval of the foregoing reports and that the Director of Finance be

authorized to issue vouchers in payment of the several amounts.

Roll call resulted as follows: Yeas: Commissioners Gast, Hanley, Smith and Tobias. Nays: None. Absent: Commissioner Selent. Motion declared carried.

Pursuant to directions of the City Commission, the City Attorney offered a resolution increasing the present water rates and ready to serve charges by approximately sixty (60) percent, to take effect with billing from and after April 1, 1973.

The matter was discussed extensively by the Commission, but no action was taken at this time.

RESOLUTION: UPTON DRIVE SANITARY SEWER  
WHEREAS the City Manager presented bids on the Upton Drive Sanitary Sewer from Gelman Brothers of South Haven for \$28,505.00 and from Yerington and Harris of Benton for \$34,320.00 and recommended the low bid be accepted, and

WHEREAS a Contract with the successful bidder on behalf of the City of St. Joseph is requested.

THEFORE RESOLVED the low bid of Gelman Brothers be accepted and that the City Manager be authorized and directed to sign the contract with Gelman Brothers on behalf of the City for \$28,505.00 to install the Upton Drive Sanitary Sewer.

Mr. Gast, seconded by Mr. Tobias, moved adoption of the above resolution.

Roll call resulted as follows: Yeas: Commissioners Gast, Hanley, Smith and Tobias. Nays: None. Absent: Commissioner Selent. Motion declared carried and resolution adopted.

The City Manager presented a bid by Fessco on lights and sirens for three Police Cars for \$1,337.00 and recommended its approval.

Mr. Tobias, seconded by Mr. Hanley moved to accept the bid by Fessco and authorized the City Manager to purchase the three lights and sirens.

Roll call resulted as follows: Yeas: Commissioners Gast, Hanley, Smith and Tobias. Nays: None. Absent: Commissioner Selent. Motion declared carried.

There being no further business to come before this Commission, Mr. Hanley moved to adjourn until Monday, January 22, 1973 at 7:30 P.M.

Feb. 3, 1973 H.P. Adv.

NOTICE OF SIDEWALK INSTALLATION  
Pursuant to a resolution of the City Commission adopted January 29, 1973, NOTICE IS HEREBY GIVEN that the City of St. Joseph proposes to make the following public improvement, viz: To install sidewalk on that part of Cleveland Avenue described as: Starting on the East side of Cleveland Avenue at a point 124' South of the North Line of Lot 4, Gard's Addition and running North to a point 309.5' North of the Southwest corner of University Lot 89, Sec. 26, T4S, R19W. Also starting on the West side of Cleveland Avenue at a point 91.5' North of the Southeast corner of Sec. 27, T4S, R19W, then running North 28.5' and Northwest 45' to the East line of Lakeshore Drive, in the City of St. Joseph, Berrien County, Michigan.

NOTICE IS FURTHER GIVEN that specifications, plats, plans, diagrams for and detailed estimates of the cost of said improvement have been prepared and filed with the City Clerk and are open to public inspection.

NOTICE IS FURTHER GIVEN that the Commission has designated as the district to be assessed for the portion of the expense of said improvement to be paid by special assessment all of the lands, lots and parcels of land fronting and abutting upon said proposed improvements.

NOTICE IS FURTHER GIVEN that the City Commission will be in regular session in the Commission Chamber of the St. Joseph City Hall on Monday, February 26, 1973 at 7:30 o'clock P.M. to hear objections to the improvement aforesaid and to the district to be assessed.

By order of the City Commission.  
Dated: January 30, 1973

Parks 57.35  
Forestry 40.00  
Gen. Vo. Nos. 18484 - 18520, incl., 5,242.77

Mr. Selent, seconded by Mr. Gast, moved approval of the foregoing reports and that the Director of Finance be authorized to issue vouchers in payment of the several amounts.

Roll call resulted as follows: Yeas: Commissioners Gast, Selent, Smith and Tobias. Nays: None. Absent: Commissioner Hanley. Motion declared carried.

The City Clerk reported that the monthly reports for December, including the Financial, Police, Fire, Sanitary Inspection, Public Works and Water Filtration Plant have been presented to the Commission.

Mr. Gast, seconded by Mr. Selent moved approval of the foregoing reports as presented.

Roll call resulted as follows: Yeas: Commissioners Gast, Selent, Smith and Tobias. Nays: None. Absent: Commissioner Hanley. Motion declared carried.

NOTICE IS FURTHER GIVEN that the Commission has designated as the district to be assessed for the portion of the expense of said improvement to be paid by special assessment all of the lands, lots and parcels of land fronting and abutting upon said proposed improvements.

NOTICE IS FURTHER GIVEN that the City Commission will be in regular

An Ordinance entitled "AN ORDINANCE TO REGULATE THE LICENSING AND OPERATIONS OF AMBULANCES" was introduced by Mr. Gast and given its first reading.

Mr. Gast, seconded by Mr. Selent, moved that further consideration of the ordinance be postponed until the next regular meeting of the Commission to be held on Monday, January 29, 1973.

Roll call resulted as follows: Yeas: Commissioners Gast, Selent, Smith and Tobias. Nays: None. Absent: Commissioner Hanley. Motion declared carried.

The City Attorney again offered a resolution increasing the existing water rates by approximately 60 percent, in order to fund the proposed bond issue for the improvement of the water service system. This is the second resolution that was offered, the first January 15, 1973. Numerous persons were in the audience, most of them representing local industry, speaking against the proposed increase.

Representatives of the consulting firm of Consoer, Townsend and Associates of Michigan were also present.

After extensive discussion, the Mayor announced that further consideration of the raise would be postponed for two weeks.

The Manager reported to the Commission that approximately 155 ft. of the seawall at Lions Park were damaged by recent storms and must be replaced. He said that an additional seven (7) new 50 ft. groins should be installed in an effort to hold the seawall, and built up some additional beach.

He presented a bid from Speidel Foundation & Marine, Inc., Benton Harbor, Michigan, to replace the damaged seawall for \$27,585.50 and to install the seven (7) groins for \$24,370.00, a total of \$51,955.50. Several Commissioners thought that the sheeting to be installed should be 30 ft. long rather than 25 ft. long as specified, and the Manager was instructed to investigate this proposal.

For the time being, however, Commissioner Gast, seconded by Commissioner Smith, moved that the bid by Speidel Foundation & Marine Inc. be accepted.

Roll call resulted as follows: Yeas: Commissioners Gast, Selent, Smith and Tobias. Nays: None. Absent: Commissioner Hanley. Motion declared carried.

The Manager presented an agreement dated December 27, 1972, between the Chesapeake and Ohio Railway Company and City of St. Joseph, whereby the railroad grants a license to install, operate and maintain a fifteen (15) inch sanitary sewer pipe line under its tracks between Mile Posts 87 and 88 at Valuation Station 3438+45, Chicago Subdivision, Grand Rapids Division, at or near St. Joseph, County of Berrien, State of Michigan. The license requires a rental of \$15.00 per year during the life of the agreement and a fee of \$75.00 toward the cost of the agreement and supervision expenses.

After discussion Commissioner Selent, seconded by Commissioner Tobias, offered the following resolution:

RESOLUTION APPROVING LICENSE AGREEMENT  
RESOLVED that the City of St. Joseph hereby approves the proposed agreement dated December 27, 1972 between the Chesapeake and Ohio Railway Company and City of St. Joseph, whereby the railroad grants a license to install, operate and maintain fifteen inch (15) sanitary sewer pipe line under its tracks between Mile Posts 87 and 88 at Valuation Station 3438+45 Chicago Subdivision, Grand Rapids Division, at or near St. Joseph, County of Berrien, State of Michigan.

RESOLVED FURTHER that the City Manager is hereby authorized and directed to execute the said license and agreement, a copy of which is on file in the office of the City Clerk, on behalf of the City of St. Joseph.

Roll call resulted as follows: Yeas: Commissioners Gast, Selent, Smith and Tobias. Nays: None. Absent: Commissioner Hanley. Motion declared carried.

There being no further business to come before this Commission, Mr. Tobias moved to adjourn until Monday, January 29, 1973 at 7:30 P.M.

## Readers Express Their Opinions

(Continued from page 2)

productive capacity which is now available, we must no longer be concerned about what is good for business but must be concerned about what is best for people. The members of the employed and, thus, exploited majority must assert their right to own and to control the tools and other means of production which they and their forebears created. They must cast off economic and political oppression and establish an industrial democracy based on the social ownership of industry. They must insist on production for the use and benefit of all. Then the environment can be rebuilt and mutual well-being can be realized.

Ralph W. Muncy

### KEEP WEARING POW BRACELET

Editor,

So much has been asked about what shall we do with our POW-MIA bracelets.

Wear your bracelets until you know for sure the status of your man. The list given to our government was incomplete and 1300 men are still unaccounted for.

My son wears the bracelet of Major Willard Gideon from Mt. Clemens, Mich., who was on the list of POW's to return.

Major Gideon's daughter has written to our son and said they had received few letters from her father and were fortunate to know he was alive.

I will not remove my bracelet until I know for sure my man has touched the shores of our country or can be accounted for.

We hope and pray that our POW's-MIA's will soon know freedom and their families will be spared the agony of not knowing.

I would like to quote a poem written by 16 year old Debi Wood from Utah, about her father who is an MIA since 1966.

I don't know what he suffers there,  
I cannot feel his grief, despair  
His agony is only known  
To men who have been caged alone.  
I only feel a selfish pain,
